CAREER OBJECTIVE

Entry-level Data Analyst candidate with a B.Tech background in Electronics and Communication Engineering and hands-on experience with Python, SQL and Microsoft Excel. Strong foundation in data handling, problem-solving, technical documentation and machine learning fundamentals. Seeking a Data Analyst role to analyze data, generate meaningful insights and support data-driven business decisions.

TECHNICAL SKILLS

Programming	Python, SQL, C
Data Analytics	Microsoft Excel, Data Handling, Problem Solving
Machine Learning	Machine Learning Fundamentals, Deep Learning, CNN, Vision Transformer (ViT)
Data / ML Domain	Medical Image Processing
Tools	GitHub, MS Word, PowerPoint, Adobe FrameMaker, EasyEDA

PROFESSIONAL EXPERIENCE

Technical Documentation Engineer Intern — GGS Information Services Pvt. Ltd. | Jun 2026 – Jul 2026

- Created and maintained structured technical and process documentation with strong attention to accuracy and consistency.
- Managed data tracking, reporting and process records using Microsoft Excel.
- Applied structured formatting and documentation practices using Adobe FrameMaker.
- Ensured documentation quality, consistency and compliance with organizational standards.

PROJECT

Deep Learning-Driven Multi-Modal Medical Image Fusion for Brain Tumor Diagnosis

- Developed a hybrid CNN-Vision Transformer (ViT) based model for MRI-PET medical image fusion.
- Used Python, deep learning and medical image processing concepts to support improved brain tumor detection.
- Technologies: Python, CNN, Vision Transformer (ViT), Deep Learning, Medical Image Processing.

EDUCATION

- B.Tech — Electronics and Communication Engineering, Rise Krishna Sai Prakasam Group of Institutions, affiliated to JNTU Kakinada | 2026
- Intermediate — Sri Sadhana Junior College | 2022
- SSC — Bhashyam High School | 2020

WORKSHOP

PCB Design Workshop — Rise College | EasyEDA — Covered PCB fundamentals, schematic design, component selection, PCB layout and routing, single/double-layer design, manufacturing, testing and troubleshooting.

CORE STRENGTHS & LANGUAGES
